

CROSSVIEW CHURCH

GETTING STARTED ON STAGE

What time do I get to church on a Sunday morning?

Be ready to go at the time listed below for your position.

7:45: Drums & Bass Guitar

8:00: Keys/Piano, Acoustic Guitar, Electric Guitar

8:10: Vocals

Is there a dress code?

We don't have a formal dress code, but these are the general guidelines:

- No short skirts (be mindful that the stage is elevated)
- No spaghetti strap tops or cropped tops
- No leggings as pants or sweat pants - please also avoid tight pants in general
- White or very light coloured tops can be hard on the camera, especially on the front line.
- Avoid tees with large graphics
- Avoid jeans with excessive rips
- Please wear footwear

Why does it matter?

We are representing the church and leading others in worship. Our congregation is made up of people of all ages and we want to be respectful and don't want to be a distraction.

Err on the side of a little more dressy if unsure!

If you have any questions or concerns about this - please let me know :)

Monitor Set Up:

- **YOU WILL NEED A PAIR OF HEADPHONES/IN-EAR MONITORS.**
- Make sure that you have somewhere that you can hook your belt pack...
- Musicians typically plug into the Behringer personal mixer located near the instrument. There is a belt pack that you can plug your headphones into. You will be able to adjust the volume on the belt pack itself. You can also control the volume of the various instruments and vocals.
- Back line vocals have a belt pack to plug into and a mix that will be common to the whole back line. You will be able to adjust the volume on the belt pack itself.
- Front line vocals have wireless packs and control their mix at the Behringer personal mixers located on the side of the stage.
- For more detailed instructions on your monitor set up, check out this [YouTube Video](#).
